

ISUZU  
**MU-X**

**GO YOUR OWN WAY**

# YOUR OWN ADVENTURE

## INTRODUCING THE 7 SEAT ISUZU MU-X. A FAMILY SUV THAT REDEFINES THE BOUNDARIES OF ADVENTURE.

Whether you're navigating peak-hour on the weekday school run or traversing whatever the wildest weekend can throw at you, the Isuzu MU-X has you covered for the routine, extreme, and everything in between. Enjoy a passenger car-like driving experience you have come to expect from today's modern SUV's, but with a bulletproof 4WD drivetrain mated to one of the world's most robust diesel engines, the MU-X will deliver you the opportunity to test your off-road ability like never before.

A new world awaits, Isuzu MU-X. GO YOUR OWN WAY.

4x4 LS-T in Outback Bronze metallic

# YOUR TIME TO IMPRESS

## Bold, adventurous styling.

The Isuzu MU-X strikes a commanding stance. With suave city-style meshed with tough off-road tones, the MU-X will turn heads for all the right reasons. Available in three different spec levels in both 4x2 and 4x4, there's an MU-X that not only looks the part, but is appropriately designed with all the features required to suit any driving purpose.

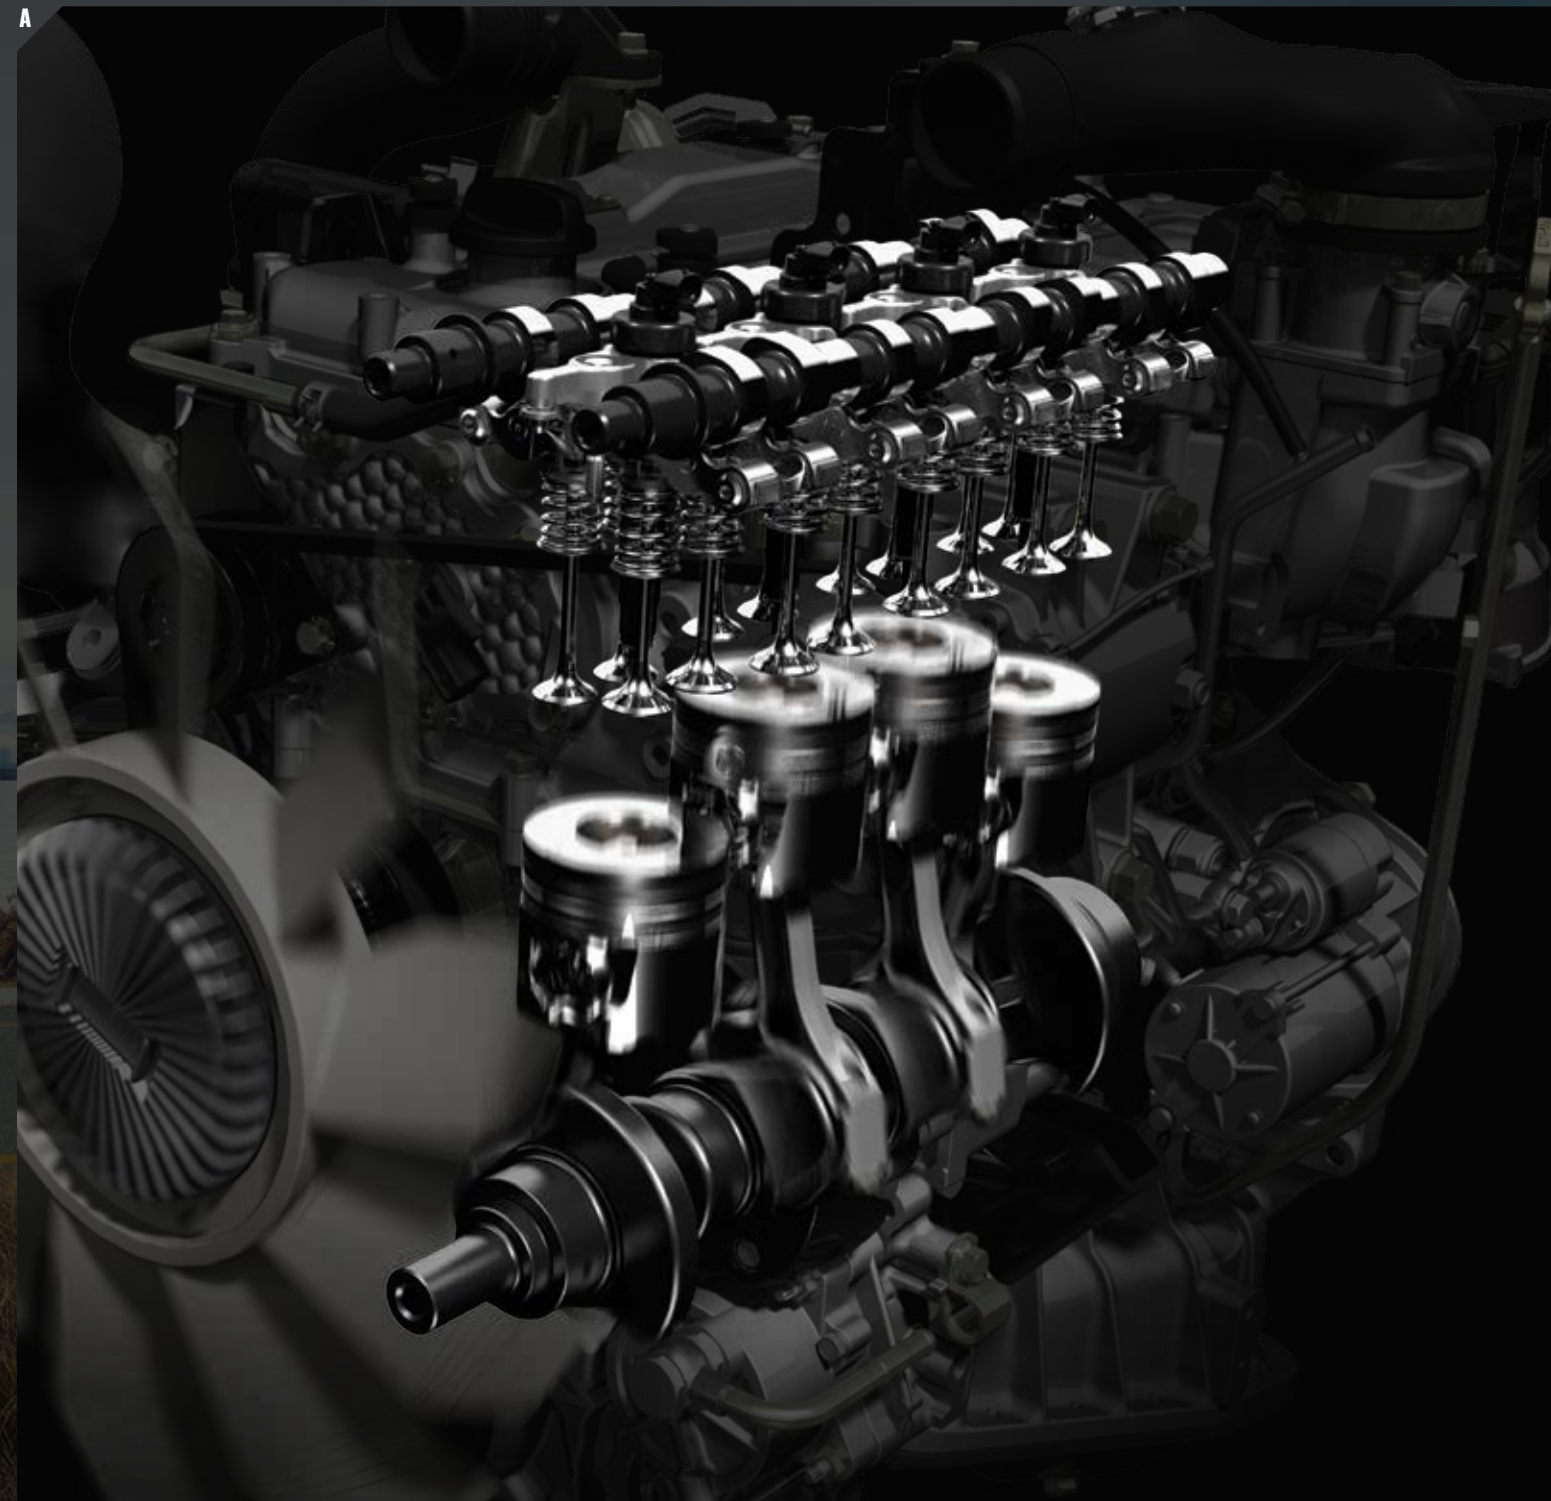

Whether your rendezvous is on the red carpet or off the beaten track, the MU-X looks at home in any setting and on any terrain.

Effortlessly, the MU-X blurs the boundaries between the city and the outback – providing you and your family with an endless choice of exciting destinations.

## YOUR POWER TO PERFORM

Behind the style, there's plenty of substance.

With 3 tonne towing\* (braked) across the entire range, the Isuzu MU-X never knocks back hard work. Be it towing your boat, caravan, horse float or trailer, the MU-X does it effortlessly and with confidence – thanks to the ingenious Isuzu technology and Japanese engineering under the bonnet.

Delivering 130kW of power and 430Nm of torque, the high-pressure common rail fuel injection system makes the most of every drop of fuel, and the intercooled Variable Geometry System (VGS) turbocharger provides excellent response over the engine's entire rev range. Proven in a series of testing environments, each component of the Euro5-compliant Isuzu diesel engine has been crafted to reduce maintenance costs and increase durability to ensure years of trouble-free motoring.

**A** Low compression pistons with Teflon coating provide increased fuel economy and engine durability, meaning lower maintenance costs & increased engine life

**B** Famous for its durability, reliability and fuel economy, the Isuzu 3.0L turbo diesel engine provides abundant power and torque to make light work of any load

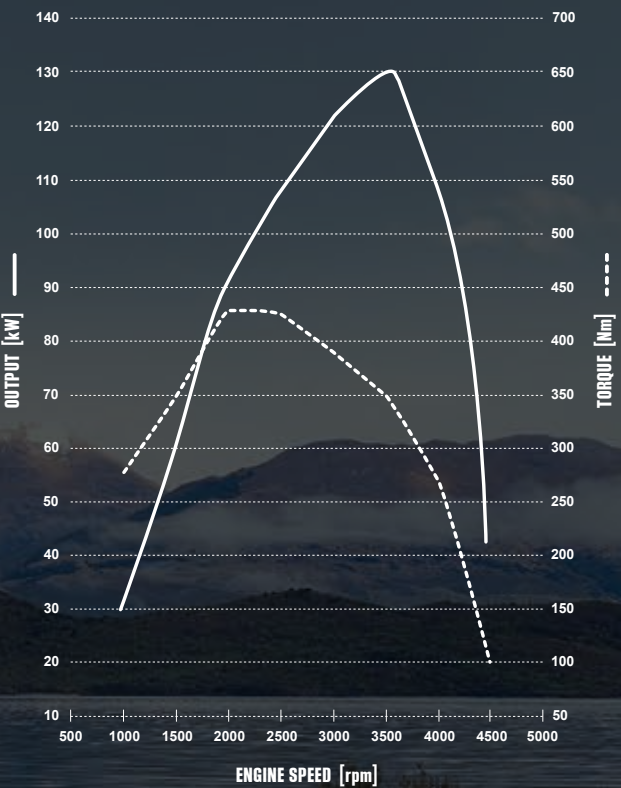

**C** A heavy duty steel timing chain ensures durability over the engines life & lower maintenance costs

**D** Advanced anti-friction melt-in liner technology eliminates the need for cylinder liners

\*Braked towing on all MU-X models when fitted with optional genuine Isuzu MU-X tow bar kit.

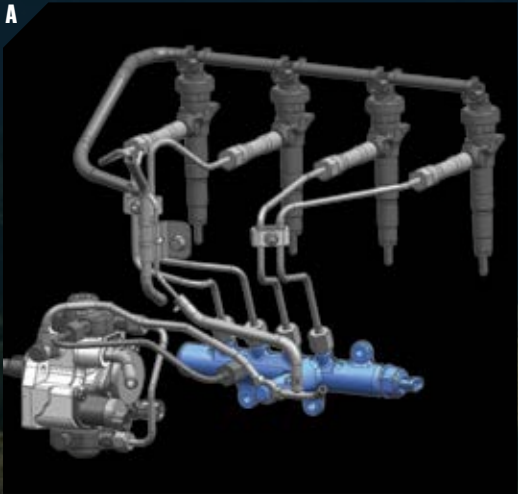

### ENGINE PERFORMANCE CURVE

Isuzu 4JJ1-TC Hi-Power turbo diesel engine offers a maximum torque output of 430Nm and 130kW of power

4x4 LS-U in Silky White pearl, fitted with extra cost tow bar

# YOUR FUEL EFFICIENCY

Legendary fuel economy takes you further.

From one of the world’s leading manufacturers of diesel engine technology, the impressive Isuzu 3.0 litre turbo diesel engine that powers the Isuzu MU-X is as frugal as it is athletic. Delivering plenty of power and torque, this stirring powerplant produces equally amazing fuel economy at just 8.1<sup>A</sup> litres per 100 km on most MU-X models – which means less time filling up and more money in your pocket to spend on your next adventure.

The MU-X is as efficient as it gets thanks to three core engine characteristics – delivering improved torque output across a wider rev range provides optimum performance and fuel efficiency, while the MU-X’s Variable Geometry System (VGS) turbocharger alters the direction of exhaust flow to optimise turbine response at low engine rpm to overcome ‘turbo lag’. Overseeing the fuel delivery is the MU-X’s common rail high pressure fuel system which uses the latest in fuel injector and high pressure fuel rail technology to effectively minimise the amount of fuel in the combustion process, providing superior fuel economy.

In addition, automatic versions of the MU-X also benefit from the intelligent ‘grade-logic’ transmission which keeps the MU-X in the correct gear preventing over-revving and unnecessary fuel burn.

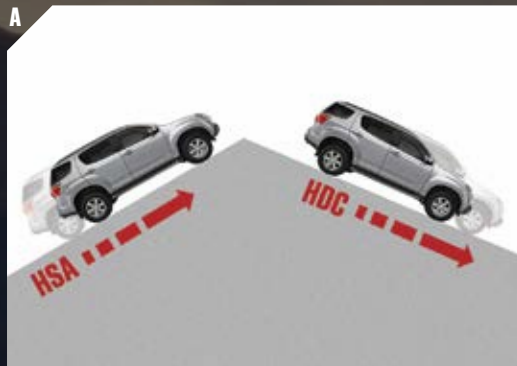

- A** Common rail high pressure fuel injection system
- B** Fuel efficient 6-speed automatic transmission with Rev-Tronic
- C** Multi-Information Display of instant and average fuel consumption

<sup>A</sup>Fuel consumption and emissions figures based on ADR 81/02 (combined cycle test) and are to be used for vehicle comparison purposes only. Actual fuel consumption and emissions will vary depending on many factors including, but not limited to, traffic conditions, individual driving style and vehicle condition.

# YOUR OFF-ROAD TOUGHNESS

**Four-wheel-drive command at your fingertips.**

For years, other manufacturers have been displaying their latest family SUV's traversing rocky mountain ranges and cruising along soft sandy beaches – only to be told in the showroom that “you shouldn't really try that”. Well now with the Isuzu MU-X four-wheel-drive you can tackle that always dreamt of destination and reach that out-of-the-way spot with confidence, as it enables you real-world off-road capability.

All 4x4 MU-X models are equipped with Isuzu's super-easy to use “Terrain command” 4WD select dial (2WD-high, 4WD-high and 4WD-low). The automatic transmission will also engage the Uphill/Downhill Transmission Control System automatically – so when the road that takes you to that secret beach, or hidden mountain range gets tough, your spirit for adventure won't be stopped in its tracks.

Every 4x4 MU-X is also fitted with the rugged off-road protection you need when roughing it. There's a front steel plate skid/splash shield as well as steel plate guards to protect the sump and transfer case. For added driver control and safety, the electronic brake control will also automatically engage the Hill Start Assist (HSA) to prevent vehicle roll-back when starting on steep gradients (above 5.7 degrees). Hill Descent Control (HDC) will give you the confidence to tackle downhill terrain, providing maximum traction and control when activated. Add to this a tried and tested 4x4 drivetrain managed by an intelligent Traction Control System (TCS) with Electronic Stability Control (ESC), along with generous ground-clearance, approach and departure angles - any track is yours to be owned.

**A** Hill Start Assist prevents roll back on gradients above 5.7 degrees, while Hill Descent Control provides maximum traction going downhill

**B** Underbody protection, front steel plate skid/shield

**C** “Terrain Command” 4WD system allows for simple shift from 2WD-high, 4WD-high and 4WD-low

**D** Independent high ride front coil spring suspension with gas shock absorbers, stabiliser bar, upper and lower wishbones

# YOUR OWN SPACE

## Interior space and comfort.

Cloaked behind the sleek exterior lines of the Isuzu MU-X lies a smartly designed interior that creates a wealth of space for all of the family – and then some. There's room for you and a team of six to travel safely, securely and in comfort. Wide door arches make access for all passengers a breeze, and when exploring your sense of adventure off-road, there's strategically placed assist grips to help keep you grounded.

In addition to the fun there's also a practical side to the MU-X's interior. There's an abundance of clever storage compartments and with the second and third row seats ability to fold down, there's also an overly generous cargo area when you have a sizeable load to carry. You'll never need to look for another cup holder again, our design engineers have managed to include 12 of them so you'll always have a refreshment at hand.

A seat design with 'wrap-around' bolsters provide increased shoulder, back and base support delivering more comfort for occupants. Clever split/fold rear seats in both the second and third rows mean that no matter what seating configuration you choose, the versatile interior will provide you and your family with all the head, leg and shoulder room you need for a relaxing journey.

\*Leather on body contact areas of seat.

Headphones shown are connected with hand-held personal devices and are not compatible with the vehicle's audio entertainment system.

LS-T model featuring Charcoal Grey leather appointed seats\*

THIRD ROW SEATS FOLD FLAT TO PROVIDE EXTRA LOAD SPACE TO ACCOMMODATE 5 OCCUPANTS

THE 40/60 MIDDLE SEAT SPLIT DESIGN ALLOWS FOR A LARGE LOAD SPACE AND 3 OCCUPANTS

1 SEAT FOLDS FLAT TO PROVIDE EXTRA LOAD SPACE WHILST ACCOMMODATING 6 OCCUPANTS

- A** Glove compartment (lower) and article storage compartment (upper) with easy access power outlet
- B** Six-way electric driver seat allows you to conveniently find your most comfortable driving position at the touch of a button (LS-T models only)
- C** Map light and roof sunglass holder, offers increased cabin visibility and a convenient storage compartment
- D** The cargo organiser box provides a convenient, safe and organised storage compartment

# YOUR OWN COMFORT

## All the mod cons.

While you're having fun behind the wheel, the Isuzu MU-X has also been designed to keep your family entertained.

Reversing cameras and rear park assist sensors come standard on all MU-X models, along with touchscreen displays. An 8 speaker audio system with iPod® and Bluetooth® phone connectivity and audio streaming is standard across the MU-X range. All MU-X models feature two "Sky Sound" roof-mounted speakers that provide the ultimate audio experience for all passengers. LS-U and LS-T models boast touchscreen SatNav to get you where you're going anywhere in Australia. The top of the range LS-T provides plenty of backseat entertainment with a 10 inch monitor to keep even the most unruly of passengers entertained. The Passive Entry and Start System on LS-T models provides convenient cabin access and keyless start operation, making your getaway quick and easy.

With the MU-X, both you and your passengers will experience the ultimate in comfort no matter how long your drive.

- A** Get from A to B, wherever you may be, with inbuilt SatNav on LS-U and LS-T models
- B** The fold-down 10 inch monitor provides a clear image display, which can be easily viewed by both the second and third row occupants (LS-T models only)
- C** Back up with confidence, with reversing cameras and rear park assist standard across the MU-X range
- D** Passive Entry and Start System provides keyless locking and unlocking as well as an engine start/stop button (LS-T models only)

# YOUR 5 STAR SAFETY

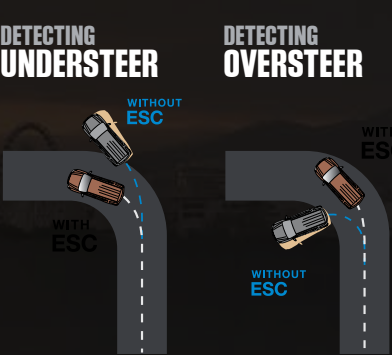

Peace of mind for everywhere you drive.

Your safety on the road is our priority. To ensure this, the Isuzu MU-X is fitted with the latest in sophisticated safety features. Built around a high-tensile steel passenger safety cell with side-intrusion bars, the MU-X carries comprehensive crash avoidance electronics including 4-channel 4-sensor ABS (Anti-skid Brake System) with EBD (Electronic Brakeforce Distribution) and Emergency Brake Assist (EBA) as well as Electronic Stability Control (ESC) with Hill Start Assist (HSA), Hill Descent Control (HDC) and Traction Control System (TCS). Additional protection and peace of mind is provided with six airbags (dual front, front side and full length curtain). For the safety of those around you, all MU-X models come standard with a reversing camera and rear park assist audible sensors. These safety features work in unison to give the Isuzu MU-X a 5 star ANCAP safety rating across the range.

For the ultimate peace of mind, Isuzu UTE Service Plus provides a comprehensive care package for your MU-X. Every MU-X comes standard with a 5 year/130,000km<sup>^</sup> Warranty. This backs up our belief that you will enjoy many years of trouble free motoring as a proud MU-X owner. Isuzu has built a solid reputation of reliability and durability over many generations of vehicles and we have confidence that the Isuzu MU-X upholds this tradition. This warranty is complimentary with every new vehicle and it can even be transferred to the next owner which helps to keep a high resale value for your Isuzu MU-X investment.

Where ever you take your MU-X, you are never alone. Each Isuzu MU-X comes standard with the ultimate in vehicle support, 5 years Roadside Assistance. This complimentary service offers an extensive range of benefits to assist you in the unlikely event you need it.

5 years/50,000kms Capped Price Servicing<sup>></sup> ensures there are 'no surprises' in your servicing costs. This means no matter which Participating Isuzu UTE Dealership you take your MU-X to, you will know the costs of your service up-front and ensure your MU-X is serviced by our factory trained, highly-skilled technicians.
